\$11,000,000 SALE OF FORD CARS IN TWO DAYS HERE

Twenty-Five Thousand Autos
Expected to Be Disposed

LOCAL PLANT'S YEARLY
OUTPUT GOING AT ONCE

Imposing Procession in Which
Thousands Participate;
Luncheon at Factory.

Twenty-five thousand Ford cars, representing the entire estimated output of the Oklahoma assembly plant at Oklahoma City for the next twelve months will be sold to Ford dealers of the state today and Saturday, J. A. Deignan, local Ford manager, confidently declared this morning.

This represents business deals to the extent of approximately \$11,000,000, to be transacted in the short time of two days, Mr. Deignan said.

Agents Here in Force.
Ford agents from every corner of the state were assembled here today in force for the great formal opening of Ford's Oklahoma plant. Mr. Deignan said the majority of them would close their yearly contracts today, and hundreds of others would remain in the city Saturday to complete their business.

The estimated 25,000 Fords to be assembled here in the next year places Oklahoma City seventh in the list of eighty-one Ford factories and assembling plants throughout the country, Mr. Deignan stated.

Estimate Not Inflated.
Mr. Deignan asserted the 25,000 estimate is not inflated. He declared the number built here in the next year probably would exceed that figure. If 25,000 are put together it means that approximately eighty will be built every working day. Last year it was estimated 11,774 Fords would be sold in Oklahoma. The number actually sold in the year ending August 1 was 14,500.

Hundreds of Ford dealers and thousands of visitors thronged the spacious Ford assembly plant on West Main street this morning. "Ford day" in Oklahoma City from early in the morning was proving an even more imposing and impressive occasion than had been expected.

2,000 Visitors Registered.
At 10:30 o'clock this morning approximately 2,000 visitors had registered. All employees at the big plant were acting as ushers, escorting visitors through the factory. Visitors, going from the first floor of the plant to the top, saw Ford cars put together from the rear wheel to the top.

The parade this afternoon, which was to leave the Ford plant at 2:30, was to be the outstanding feature of the "Ford day" festivities. Although the parade in his estimate, Mr. Deignan

Berlin Admits Retirement.
Berlin today admits that the superior strength of the Russian forces has compelled an Austro-German retreat at points in the Monastiryska and the Bystritsa river region and on the Dniester.

Making a stand the Teutons finally brought the Russians to a halt. The break in the lines, however, has made a regrouping of the Teutonic forces necessary, and this is now in progress.

Press Back Austrians.

Spreading out in fanlike formation from Gorizia the Italians are pressing the Austrians to the east and south along a 100-mile front. President Virtually Decides to
Cross Continent in Cam-
paign Tour.

WHITE HOUSE FLOODED
WITH MANY INVITATIONS

Journey to Pacific Coast Plan-
ned if Congress Adjourns
at Expected Time.

WASHINGTON, Aug. 11.—President Wilson virtually has decided to make a speaking trip across the continent. No details of the tour have been arranged, but it is understood that his itinerary will be worked out within the next few weeks.

Advised to Make Speeches.

The president's advisers have been urging him to make many speeches but he has been withholding a decision until the work of congress had progressed further. It was known definitely today, however, that if present plans are carried out, the president will go to the Pacific coast. It was said no definite plans will be made for at least two weeks.

Has Many Invitations.

Invitations from cities in all parts of the country are before the president but none will be accepted before they are gone carefully over by Vance McCormick, chairman of the democratic national committee.

The president will do much campaigning at his summer home at Long Branch, N. J., where he will receive delegations.

EL PASO, Texas, Aug. 11.—The text of a decree wherein First Chief Carranza invoked the death penalty against the strikers who paralyzed Mexico City through a general electric strike appears in copies arriving here today at El Paso, a daily published in the capital.

The paper said the strike was assisted by North American syndicates and that it stopped work in the arms and munitions factories, which was construed as treachery to the de facto government.

No Parasols for Traffic Cops Without Wrist Watch And Powder Puff, They Say

Local traffic policemen are apparently not in a frenzy to have sheltering parasols provided for them while on duty at the sweltering downtown street intersections. Faced this morning with information from other cities which contemplate providing this comfort for the traffic "cops," the local traffic men referred the matter to Officer J. M. Smith, the Beau Brummel of the squad, who stands daily in the busiest spot of the shopping district. He also stands six feet and is handsome.

CHICAGO, Aug. 11.—John Hain, 37, an Austrian, applied for citizenship papers under the American flag Thursday so he could hunt rabbits. He explained his desire to the naturalization clerk in the district court as follows:

"I am going on my vacation and want to hunt rabbits," he said. "I can't hunt without a license. I can't get a license unless I have my first papers. Give me papers so I can hunt rabbits."

Woman Wins Nomination For Husband

Mrs. Henry Ragon of Poteau
Takes Ill Companion's
Campaign Duties.

Mrs. Henry Ragon of Poteau won the democratic nomination for tax assessor of Le Flore county for her husband. She stepped into his campaign shoes when he collapsed from nervous exhaustion, delivered speeches, stumped the county and carried victory through at the polls. This advice arrived today in Oklahoma City, where Mrs. Ragon formerly lived and has many friends.

Ragon was campaigning hard. Twelve days before the primary he was speaking at a country picnic when he "just caved in." He could not even finish his speech. His wife was notified and she rushed twenty-five miles in an automobile to the picnic grounds, sent her husband home in a physician's care and finished his speech. From that moment, she campaigned like a political whirlwind, traveling all over the county, attending meetings, making many speeches, handling all the details of a canvass like a veteran. She won Ragon's nomination.

Ragon has served one term as tax assessor and, with his wife's assistance, expects to serve a second.

BRYAN REPLIES TO G. O. P. FOE

Former Secretary Admits Writ-
ing "Deserving Democrats"
Letter Quoted by Hughes.

KANSAS CITY, Aug. 11.—William J. Bryan, former secretary of state, in a statement issued here today replied to the attacks upon his attitude toward the civil service made by Charles E. Hughes, republican presidential nominee. Mr. Bryan maintained he had "enforced the civil service to the letter."

The former secretary challenged the republican nominee to state whether he had given appointments to "deserving republicans" while governor of New York.

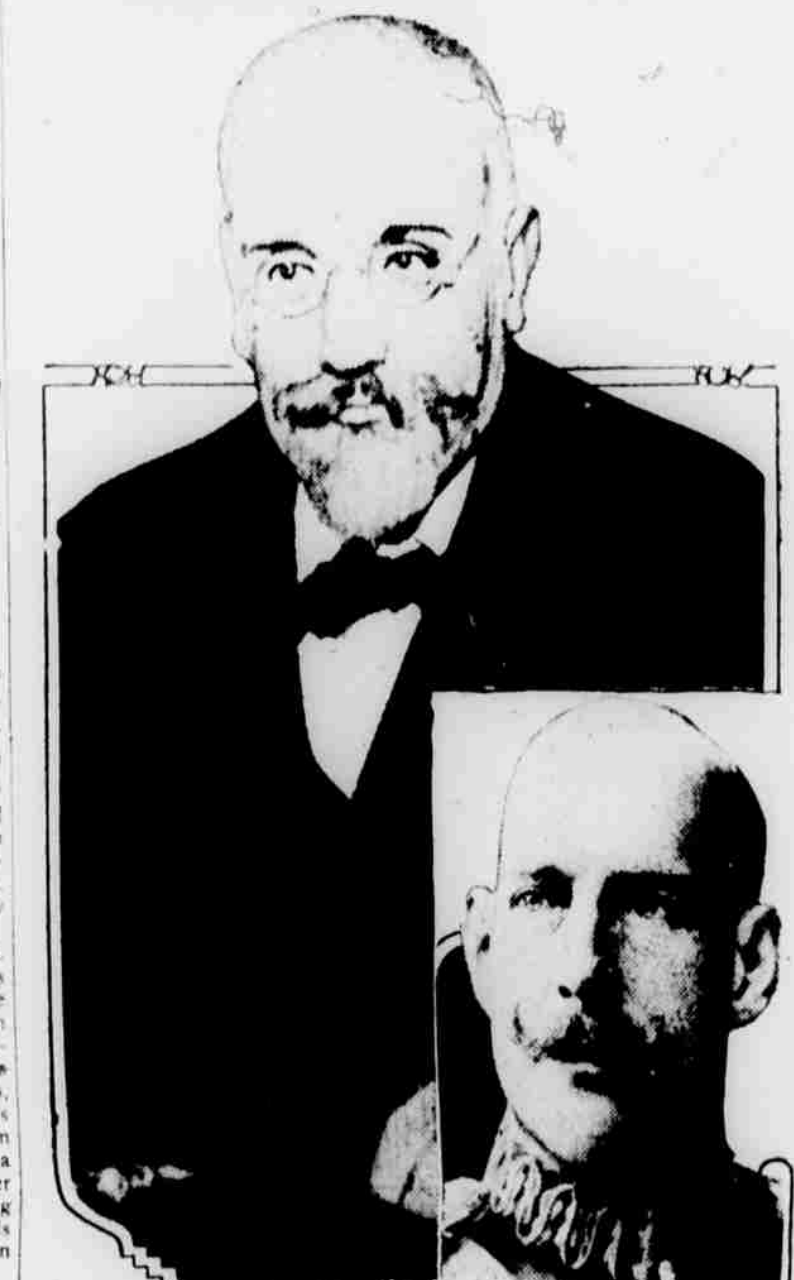

The statement was made in reply to recent speeches of Mr. Hughes which quoted a letter Mr. Bryan had written to Receiver of Customs Vick in Santo Domingo, inquiring as to what positions could be obtained to "reward deserving democrats." Mr. Bryan admitted the letter as it had been quoted.

"The letter was written to an appointive officer whose office was not under the civil service and the inquiry was made in regard to the offices which were not under the civil service. There was nothing in the letter to indicate a desire or intention to select men who were incompetent. On the contrary inquiry is made as to 'what is requisite.'"

Italian Seamen Rescued at Sea

Greek King, Facing Defeat in Election, May Quit Throne

Former Premier Venizelos (above) and King Constantine.

ATHENS, July 20.—(Correspondence of the Associated Press.)—"The trouble in Greece is not over," said a neutral diplomatist to the Associated Press correspondent, "as a matter of fact it is only just beginning. King Constantine cannot logically accept the coming elections calmly, for indications are the elections mean the return of Venizelos. And Venizelos is determined to make it impossible for all time to come for the sovereign in Greece ever again to take the reins of power as Constantine I. has done if he has to change the Greek constitution to do it. For King Constantine to accept this, is equivalent to abdication—and I believe he actually will abdicate before he will do it."

"What is a still bitterer pill for the king to swallow is that the return of Venizelos would in all probability mean the entry of Greece into the European war on the side of the entente allies. They say that Venizelos and his followers are already placing orders for the necessary munitions and armament for the Greek army in that event."

TEACHER EXPIRES WHILE ON VISIT; STROKE AT BATH

Olive Chapin, Principal at
Broken Bow, Dies on Eve
of Start for Home.

Olive Chapin, 27 years old, was visiting while in a bathroom at the home of Mr. and Mrs. Gus Kahn, 514 West Fifth street, yesterday afternoon at 6 o'clock and died a few hours later at St. Anthony's hospital. Cerebral hemorrhage was responsible for death.

Miss Chapin arrived in Oklahoma City yesterday from Norman, where she had been attending summer school, on her way to Broken Bow, where she was principal of a ward school. She was visiting Miss Toledo Kahn and intended leaving for her home last night.

The cerebral hemorrhage affected that portion of the brain controlling speech and it was impossible to discover from her where her relatives lived. Late this morning, however, a sister, Mary Chapin, was located in Chicago. She will arrive here tomorrow morning and will ship the body to Chicago for burial.

BOARD, HELPLESS, TO ASK WILSON TO INTERVENE

Session Lasting Nearly All
Night Fails to Bring Break
in Deadlock.

UNIONS REFUSE TO WAIT
VERY LONG FOR ACTION

Both Sides Determined, Em-
ployees on Demands and
Managers on Refusal.

NEW YORK, Aug. 11.—After deliberating the greater part of the night, the United States board of mediation and conciliation was no nearer a solution today of the "deadlock" in the disputes between the four railroad brotherhoods of the country and their employers.

The efforts of the mediators to avert a strike were virtually at a halt, due to the fact, it was reported, that the railroads refuse to grant any concession than arbitration while the men insist in their stand for the unequivocal granting of their demands for an eight-hour day and time and a half overtime.

Request for Delay.

A formal request for a twenty-four-hour delay in the negotiations was made by the board to the union men today when they assembled to receive the mediators and it was reported that unless there was an unexpected change in the situation in that time, the board would suggest to President Wilson that he intervene.

Commissioner Hanger said the board expected to continue deliberations today and might reach a decision by evening as to the time of the next meeting with one or the other side.

Will Not Wait Long.

"We do not intend," said W. S. Stone, chief of the Brotherhood of Railroad Engineers, "to wait very long on the mediators. The temperament of the men is such that they would not have waited a minute if we had not persuaded them to give the mediators a chance. Personally I do not care to carry the strike vote around in my pocket for any extended period. It is like a stick of dynamite."

Roads Have New Plan.

One report current today was that the railroad managers were ready to propose a different form of arbitration than that provided for under the Newlands act, which the brotherhood objects to. This was that instead of six arbitrators—two appointed by each side and two neutrals—the board consists of four appointed by each side and four or six neutrals, making a total membership of twelve or fourteen. This would make it possible also for each of the four brotherhoods to have an arbitrator on the board.
